

COMMENTS OF THE CITY OF LEBANON, PENNSYLVANIA

These comments are filed on behalf of the City of Lebanon in support of the comments filed by the Alliance of Local Organizations against Preemption (the "Alliance"). Like the Alliance, the City of Lebanon believes that:

- (a) local communities should be able to require cable operators to provide additional authorizations to use and occupy public rights of way to provide cable services, and to enforce existing authorizations that have been granted for the service; and
- (b) local communities should be able to obtain fair and reasonable compensation for the use and occupancy of the public rights of way to provide non-cable services; and
- (c) local communities should be able to regulate cable companies in their provision of non-cable services, as provided under the Cable Act.

Respectfully submitted,

Robert A. Anspach
Mayor, City of Lebanon, Pennsylvania
